

The Texstar Experience.

Life is made of Experiences. This applies to most things – and certainly to Texstar, a designer and producer of professional workwear for the service sector.

We want everyone who wears our clothing to enjoy the experience of a perfect fit. One size fits all is not part of our concept. Texstar clothing is designed to be comfortable and stylish, regardless of gender or body shape.

We want to share the experiences we have gathered together over many years of development. They give you and your company the best possibility to be perceived as a team with a coherent look for all your staff – whether at work sites, stores, warehouses or offices.

We call this the Texstar Experience.

THE
TEXSTAR
EXPERIENCE™

DESIGNING FOR AWESOME WORKING DAYS.
