

SIZE GUIDE

– FIND YOUR SIZE

We offer a range of sizes to help you find the perfect size. When choosing a sweater or jacket, check the size of garments you already own that fit you well. Then compare them to our tables to find your size. Our trousers are sized in inches, not centilong. This is because we offer several fits for each size, to help you find the perfect fit. Check your measurements to pick garments that will fit you like a glove. It's easy, really: all you need is a tape measure.

How to measure:

1 Chest

Measure around the fullest part of your chest.

2 Waist

Measure your waist at the height where you usually wear your jeans. Consider the type of jeans you usually wear: if they are low-waisted, measure lower down. If they are high-waisted, measure higher up. If you tend to wear your jeans at hip height, measure there.

3 Hip

Measure around the fullest part of your hip.

4 Inseam

When you measure the length of a pair of trousers, always measure the inseam (the inside part of the leg). The easiest way is to measure a pair of trousers that fit you well. Measure from the crotch down to the bottom of the leg.

Tip! If you own a pair of jeans that fit you well, you can check what size they are. Jeans sizes consist of two different measurements (in inches), like 30/32. The first number is the waist measurement, the second is the length measurement.

Men’s sizes – measurements

Waist size (inch)	27	28-29	30	31-32	33	34	36	38	40	44	46				
Average waist (2)	XS		S	M		L	XL		2XL	3XL		4XL	5XL	6XL	7XL
